

Director's Report - JULY-AUGUST-SEPTEMBER 2024

OPERATIONS:

- We received the new computer chairs from BroDart purchased with help from the Friends of the Library.
- July, August, and September 2024 were relatively normal operational months, as in we did not see any major disruptions to services.
- The **City of FSJ** and **NPCC** confirmed that the current ceiling lights will be replaced by LEDs that will be much brighter, only require around 40 units (compared to the current 80+), and remove the need for light covers. Which is a major step forward.
- Matthew presented to FSJ City Council for the Declaration of Library Month for October 2024.
- Staff Bowling Party happened on Sunday, September 15th.

PROGRAMMING:

- We said goodbye to Alisa as Children's Services and on August 24th as she will be moving away from FSJ.
- We also said hello to Talia on August 27th, she has jumped into the position, and I feel is a good fit for the library team.
- Regular programming has resumed.

Matthew Rankin - Director of Library Services
